TECH**

Passion, Culture, and Collaboration

At Stage-Tech, we don't just produce events—we create unforgettable experiences. As a premier special event production company, we pride ourselves on delivering seamless, awe-inspiring events while embodying a culture of excellence, hard work and teamwork.

Our success is built on a foundation of:

Culture: We celebrate creativity, diversity, and innovation, fostering a positive environment where every idea is valued, and every detail matters.

Hard Work: Planning to execution, our dedicated team goes the extra mile to ensure every element of your event exceeds expectations.

Teamwork: Collaboration is at the heart of everything we do. By working closely with our clients, partners, and each other, we bring your vision to life with precision and excellence.

The Stage Tech logo, featuring the words 'STAGE' and 'TECH' stacked vertically in a bold, white, sans-serif font. The text is contained within a black rectangular box with a thick blue border. The logo is positioned in the bottom right corner of the page and is reflected below it.

EVENT LIGHTING

Lighting will enhance any special event by creating ambiance and atmosphere. It sets the mood, highlights key areas, and evokes emotions, making moments unforgettable. We offer quality lighting instruments and creative designs to elevate your event experience.

EVENT VIDEO

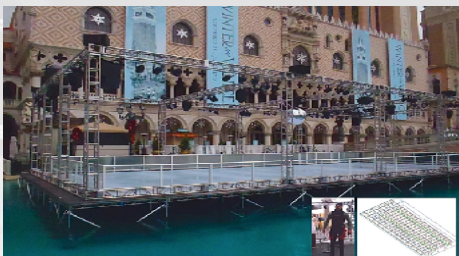

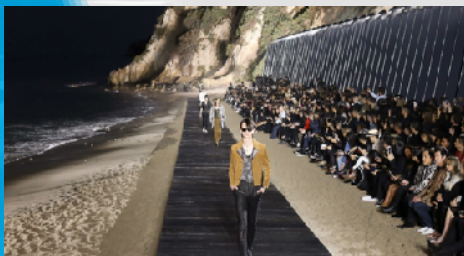

More than ever before Video elements are a vital ingredient for an impactful special event. They deliver key messages and create an immersive environment. Utilizing state of the art technology we offer stunning displays and dynamic content to help our clients captivate their audience!

EVENT STAGE

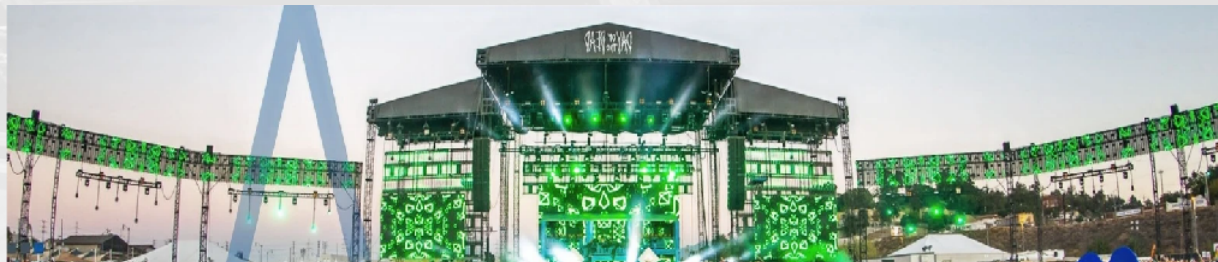

Staging with precision and safety as our top priorities. Whether you're planning concerts, corporate gatherings, festivals, or private celebrations, our team ensures every detail is staged to perfection. We adhere to the highest industry safety standards. We use only state-of-the-art staging, rigging to guarantee stability and performance.

EVENT RIGGING

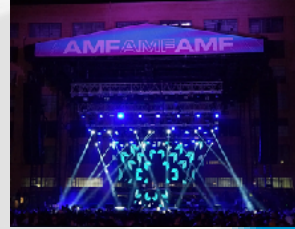

We specialize in delivering customized rigging solutions that ensure your production is safe and meets or exceeds industry safety standards. Systems are designed and drafted in Computer aided drafting programs and when requested, receives a wet stamp engineered plan.

LIVE LIGHTING

Utilizing cutting edge technology and creative design principles we thrive in Stage Lighting. Creative use of shapes, textures, and movement, coupled with expert designers and technicians, Stage - Tech has been helping artists captivate their audiences for over 30 years.

LIVE VIDEO

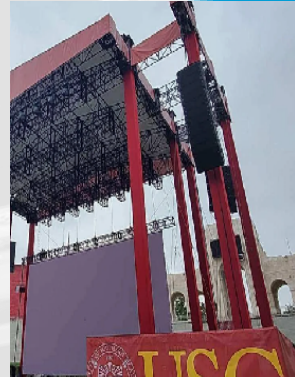

Specializing in live event video production, we leverage the latest technology and state-of-the-art LED panels to ensure your event not only stands out but captivates every audience member. Our seamless integration of 4K cameras and dynamic content will transform your vision into an impactful visual experience.

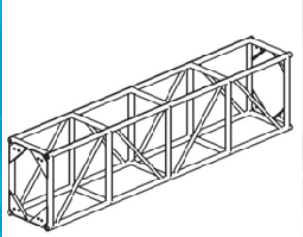

LIVE STAGE

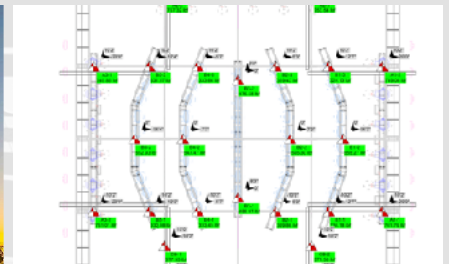

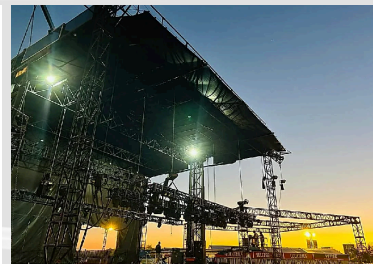

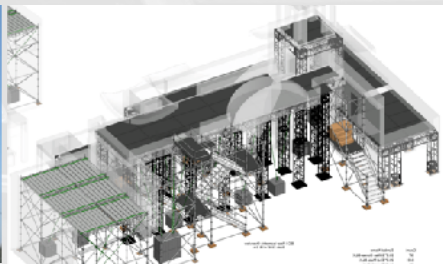

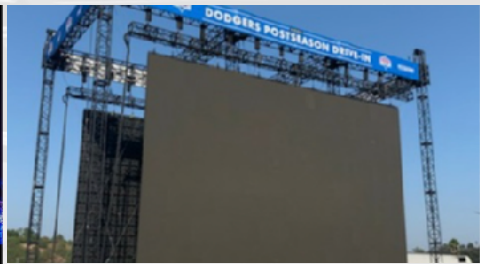

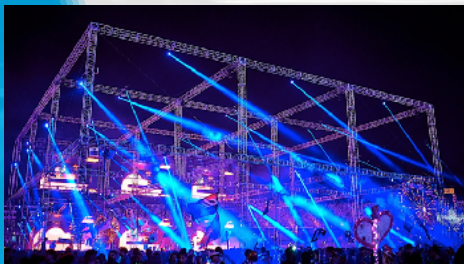

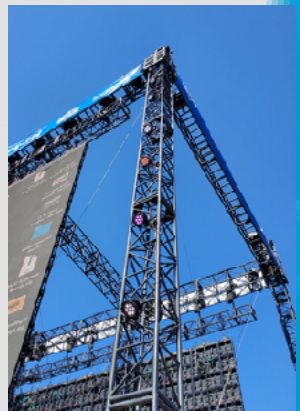

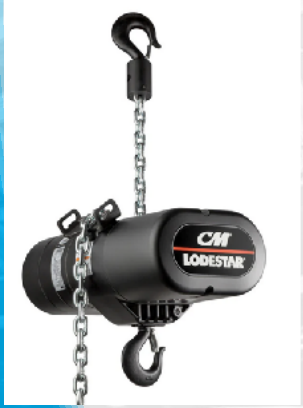

We specialize in standard and custom staging solutions for concerts and live events. Our expert team work with event organizers, production teams, and artists to design and build stages that are both safe and innovative. We ensure every detail is efficiently installed to meet tight schedules without compromising quality and our on-site technicians ensure everything runs smoothly from start to finish.

LIVE RIGGING

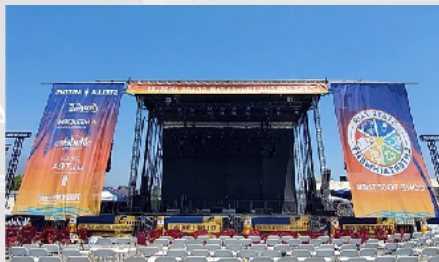

Using industry standard rigging equipment we provide solutions that ensure your production is safe and meets or exceeds industry standards. Systems are designed and drafted in computer aided drafting programs and when requested, receives a wet stamp engineered plan.

TRAILERSTAGES

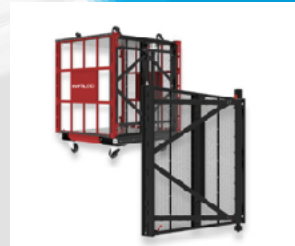

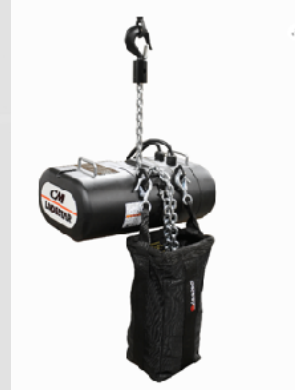

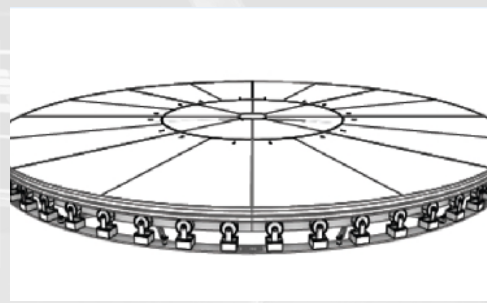

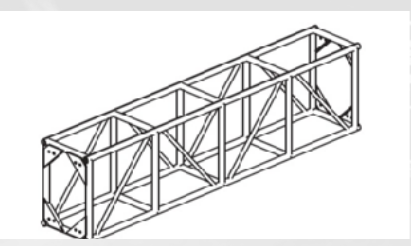

We offer a wide variety of industry respected mobile trailer stages and mobile LED trailers. These units are designed to meet the demands of modern events. They install quickly, efficiently, and with less labor than traditional staging. Whether you're hosting a concert, festival, corporate gathering, or community event, our mobile fleet offer unmatched benefits, safety and cost savings.

RENTALS

Top-Quality Equipment, Trusted brands and cutting-edge technology. Our inventory is meticulously inspected and maintained after every use, guaranteeing top-tier performance every time.
